PERSONAL PROJECT	Since 2017 I run a football camp of my own named Gridiron Experience, in collaboration with the University of California Berkeley. Focus of the camp is to teach and stress the game of football fundamentals and to have a chance to do so with the help of professional coaches and football stars like Marshawn Lynch , Desmond Bishop and Giorgio Tavecchio from the NFL, such as members of the California Golden Bears coaching staff members.		
KNOWN LANGUAGES	Italian English		
EXPECTATIONS	I've spent more than half of my life on the football field and my friends nicknamed me "Rico the football pervert" just because I care about the game so much and there is nothing I am more committed to. I've started coaching because a motorcycle crash forced me out of the field, but since then I felt like I have found my place. I love to grow in the game and through the game and my ultimate goal (and dream) is to be able to work full time in football and prove myself I can make it to a higher level and help develop good special teams unit and players to help win games.
